PROFESSIONAL SUMMARY

Full-Stack Developer with experience building scalable fintech, e-commerce, and property management platforms using React.js, Next.js, TypeScript, Node.js, and MongoDB. Skilled in developing secure authentication systems, payment integrations, REST APIs, admin dashboards, and production-ready backend services. Experienced in deploying and maintaining modern web applications with a strong focus on performance, scalability, and user experience. Proven leadership experience in technical training and academic management while actively delivering real-world software solutions.

WORK EXPERIENCE

Frontend Developer

Techmaestro

09/2024 – 04/2026
Ibadan, Nigeria

- Independently delivered a Bills Payment (BillsPay) module for a banking application, enabling users to perform utility payments (electricity, airtime, internet, etc.) within a secure financial ecosystem.
- Integrated frontend workflows with backend financial APIs to support real-time transaction processing, authentication flows, and payment confirmations.
- Implemented secure and responsive UI components for financial transactions, ensuring usability, accuracy, and compliance with banking interaction standards.
- Worked within a fintech environment to deliver production-ready features aligned with digital banking operations.

Center Academic Head (CAH)

Aptech Computer Education

04/2025 – 04/2026
Ibadan, Nigeria

- Oversee academic operations for the center, ensuring smooth delivery of all programs across multiple tech disciplines including Web Development, Cybersecurity, and Software Engineering fundamentals.
- Coordinate instructors and training schedules across concurrent classes, ensuring consistent teaching quality and curriculum alignment.
- Supervise student academic progress through assessments, project reviews, and performance tracking to maintain training standards.
- Drive implementation of the CPISM curriculum while adapting delivery methods to meet evolving industry expectations and practical skill demands.
- Mentor and support instructors in improving classroom delivery, student engagement, and practical assessment strategies.
- Collaborate with management to improve academic processes, student experience, and overall training outcomes at the center.

Frontend Web Instructor

Aptech Computer Education

09/2024 – 04/2026
Ibadan, Nigeria

- Delivered practical, hands-on training to CPISM students in Frontend Web Development, including HTML, CSS, JavaScript, React.js, and UI/UX principles using Figma.
- Designed and facilitated modules focused on Building Modern Websites, Responsive Design, and Client-Side Interactivity.
- Mentored over 30 students through real-world projects and assessments, preparing them for professional and academic growth in tech.
- Collaborated with the academic team to continuously improve the CPISM curriculum and integrate current industry best practices.

Full-Stack Web Instructor

Ackitech Institute

02/2024 – 06/2024
Ibadan, Nigeria

- Trained students in React, Node.js, MongoDB, and project deployment
- Guided students through real-world project implementation
- Delivered practical sessions on API creation and authentication

Frontend Web Instructor

Zeetech Institute

- Taught HTML, CSS, JavaScript, React.js
- Mentored students on best practices and project delivery
- Helped build small real-world frontend projects with students

01/2023 – 11/2023
Lagos, Nigeria

EDUCATION

Completed

National Youth Service Corp

10/2024
Nigeria

B.Sc(Ed) Computer Science

Lagos State University

02/2019 – 05/2023
Lagos, Nigeria

TECHNICAL SKILLS

Frontend

React.js, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, ShadCN UI

Backend

Node.js, Express.js, REST API

Database

MongoDB, Mongoose, SQL

Tools & DevOps

Git, GitHub, Postman, Vercel, Nodemailer, PDFKit, GitHub Copilot, OpenAI, Cursor

Payments & Auth

Paystack, JWT, HTTP-only cookies

Design

Figma

PROJECTS

Real Estate Property Management Website

<https://absolutegraceproperties.com/>

- A modern real estate web app that allows users to browse, list, and invest in properties.
- Features include authentication with HTTP-only cookies, admin dashboard, dynamic listings, and property management system
- Tech: Next.js (TypeScript), Node.js, MongoDB, ShadCN UI, Tailwind CSS

Izzy Toonz Concepts E-Commerce Website

www.izzytoonzeconcepts-limited.com

- Full-stack platform for building material sales with payment, cart, delivery, admin dashboard
- Tech: React, Next.js, Node.js, MongoDB, Tailwind, Paystack, Nodemailer, PDFKit

Aza Oil & Trailers Website

www.azatrailers.ng

- Company site using Next.js, Node.js, MongoDB
- Includes secure login, Paystack integration, and deployment via Vercel

Aptech Ibadan Website

- Rebuilt and modernized the institution's digital platform with a responsive, high-performance frontend focused on improved UI/UX and student engagement.
- Developed dynamic course pages, reusable components, animated user interfaces, and optimized layouts using modern React ecosystem tools.
- Implemented scalable frontend architecture and deployment workflows for maintainability and performance optimization.
- Tech: Next.js, TypeScript, Tailwind CSS, Framer Motion, ShadCN UI, Vercel

CERTIFICATIONS & EXTRAS

- Completed Full-Stack Web Development courses (Udemy)
